Technical Data Sheet

110mm-CORRUGATED **COILS**

50m Rolls

Single Skin - SLOTTED

Product Code: C10

PROPERTIES		
Pipe Colour	Black OR as per customer requirement	
Material	HDPE Polymer	
Material Density	≥0.947 g/m³	
Material MFI	0.40g/10 minutes	
Material tensile yield	27 MPA	
Material ultimate tensile	38 MPA	
Outside diameter	110mm ±2	
Inside diameter	95mm ±2	
Compression resistance	Type 450 newton	
Impact resistance	Normal duty	SANS 1601:2013
Storage temperature	-20˚C to +40˚C	
Pipe length	50m ±20mm +60	customer
Stiffness/Flexibility	Classified as rigid	SANS 61386-24
Installation temperature	-10˚C to 40˚C	
Packaging	Coiled	

This is to certify that the product named above is manufactured according to ISO 9001: 2015. It tested and passed the relevant quality control requirements under which it is manufactured. Details of inspection and validation criteria can be obtained and laboratory results on request.
